Every father-to-be's handbook for knowing what to expect when expecting! In today's world, men are more involved in their wives' pregnancies than ever before. This 2nd Edition of Dad's Guide to Pregnancy For Dummies gives new fathers a hands-on guide that covers all of the logistical, physical, and emotional aspects of pregnancy. It is a wealth of information on topics, such as setting up the nursery, childbirth 101, and how to take care of your newborn. The book includes ideas for knowing the right time to break the news and the pregnancy timeline. Once the baby arrives, this handbook gives you the low-down on what you can expect during the first six months, such as how to change diapers and feed the little one. You'll also explore much more in-depth topics such as the new technology behind ultrasounds, and the information that is gleaned from them, the lowdown on vaccination updates, information to take the fear out of cesarean sections, tips on prenatal depression, new developments on infertility treatments, and so much more! Helps to take the fear out of fatherhood with down-to-earth advice and information Reveals how smoking leads to development problems and the possible dangers of e-cigarettes Shows new dads a playbook for how they can help throughout the pregnancy and during the delivery Offers practical tips for chronicling baby's life from ultrasound to year one If you're going to be a new dad, this is a survival guide of what to expect as your bundle of joy is on the way is the complete, easy-to-read resource for preparing with your partner.

There's a lot you need to know about becoming a father. But you can't always find the info you need in pregnancy books for women. Let's face it, you want an easy-to-use "man-ual" that gives you step-by-step instructions as you enter this all-new terrain. Sure, it's good to know the size and weight of your growing baby, but what you really need is advice on how to get your pregnant partner to stop crying, pick out the best car seat for baby, and handle life when your mother-in-law comes for a visit. This useful guy-guide features information on: Balancing home and work responsibilities Maintaining an active sex life with your pregnant partner Babyproofing the home How to support and encourage your partner Knowing when to offer help and when to back off Plus, this new edition also contains advice and tips from dads who've been there and lived to tell the tale. Whether this is your first child or your fourth, The Everything Father-to-Be Book, 2nd Edition gives you all you need to be a perfect partner and a super dad!

Being a great first-time dad doesn't mean being perfect. It means having the tools you need to be a supportive partner during and after pregnancy--which is exactly what We're Pregnant! The First-Time Dad's Pregnancy Handbook is all about. From heartburn and headaches to birth and breastfeeding, We're Pregnant! features practical, action-oriented pregnancy advice from the author of the Dad or Alive blog, Adrian Kulp, a (once clueless) dad who's been there and done that--three times, in fact!

From the moment you decide to have a baby, to the day you hold your little one in your arms for the first time, dads' guide to pregnancy will be with you every step of the way. Find out how your baby's developing, get tips on how to support your partner, and learn everything you need to know as a dad-to-be. In this Dads Guide To Pregnancy book, you will learn: - Your baby's development from week 1 to childbirth - The changes to anticipate in your partner's body during the pregnancy - The essential tests and preparations before childbirth - The potential infections that your partner can get from foods she usually eats - The pro-tips for the "Big Day"

Your wife's belly is swelling, baby furniture has maxed out your credit cards, and you have not had sex in weeks. Somehow, pregnancy is not exactly what you or your wife had envisioned. Your once loving, carefree wife has become cranky and constantly nauseous. Welcome to the world of expectant fatherhood. Author offers information and advice that doesn't appear in other pregnancy guides. The main purpose of this book is to help men help their wives during pregnancy and also to teach them how to take care of their own physical and mental health in their journey into pregnancy. Expectant fathers will learn how to prepare their bodies to promote a successful pregnancy, how they can support their wives during those nine months, and how to handle a newborn infant, along with other tips on parenting--all of which is the first step toward being a great dad.

The Complete Guide to Pregnancy For Men bridges the gap between taking a purely comical look on pregnancy and a guide that is actually useful. As opposed to being an educational book that you could use to prepare for your next midwifery exam this book sets itself apart from similar books by striking a balance between being informative whilst at the same time being entertaining to read and easy to relate to. Books for the expectant father have become popular in recent years but you may be wondering why dads-to-be weren't rushing to the local book store when they found out their wife was pregnant thirty to forty years ago? Is it because blokes are getting softer today than they were in the 1970's and 1980s? Far from it, there is certainly nothing namby-pamby about wanting to support your partner during a time in which she will be experiencing a variety of both physical and emotional changes. Today most blokes want to be able to play a more active role in their child's upbringing and where better place to start than with the pregnancy itself. She's not the only one expecting after all! The Complete Guide To Pregnancy For Men begins by first taking a step back to discuss those issues that could influence a couple's decision when deciding whether to start a family and then progresses to describe factors which could have an effect on a couple's ability to conceive, providing a great introduction to the world of pregnancy as well as setting the scene for the rest of the book. The book then progresses to the main event and guides you through the nine months of pregnancy. To complete this 'guide to pregnancy' the book also provides a perspective of what life as a parent is like during the first few weeks following the birth.

Packed with practical tips, and over 20 illustrations, this book is the perfect guide to help men thrive during pregnancy. This book will make you a support champion. Because you, my man, are the sidekick.

Practical, hands-on information for fathers-to-be Dad's Guide to Pregnancy For Dummies is packed with practical, straightforward information for fathers-to-be, covering all of the logistical, physical, and emotional aspects of pregnancy from a dad's unique point of view. When it comes to pregnancy, dads' roles have changed so much in the past few decades that expectant fathers don't always know where to turn to for guidance and advice on this milestone event. Now they do! Dad's Guide to Pregnancy For Dummies covers: What to expect at doctor's visits Tips for being a supportive partner during pregnancy and preparing for fatherhood Advice on birth plans, labour and delivery, and the first days and weeks of a baby's life Packed with helpful information on the typical struggles and feelings expectant fathers face, Dad's Guide to Pregnancy For Dummies gives first-time fathers and veteran dads alike a wealth of useful information.
