The American Nurses Credentialing Center (ANCC) is a subsidiary of the American Nurses Association (ANA) and is the credentialing board for the ANA. The ANCC currently offers exams for medical/surgical nurses. You can be board certified (BC) if you're an RN with a bachelor's degree.

~~Sorting out medical/surgical nursing certifications ...~~

Current Certification in Medical-Surgical Nursing : Yes: Yes: Type of Practice: Clinical, management, or education: Clinical or direct clinical supervision only: Practice Hours in 5 Years: 1,000: 1,000: Contact Hours in 5 Years: 90 CH (including academic courses, presentations, publications, preceptorship, research) Mandatory 75 CH + 1 or more of 8 renewal categories

Lippincott's Review for Medical-Surgical Nursing Certification, Fifth Edition provides the information nurses need to achieve certification in the specialty of medical-surgical nursing. This helpful reference covers the broad range of content found on the actual examinations, including disorders by body system, such as coronary artery disease, COPD, and diabetes. The product reviews signs and symptoms, diagnostic tests, medical treatments, nursing assessments, and interventions for scores of health problems. Concise refreshers on wound care, perioperative nursing, collaborative practice, nursing research, and legal issues are also included. Review questions after each chapter and an end-of-book posttest help assess the nurse's preparedness for the exam. The book is appropriate for exams of both major certifying bodies: the ANCC and the AMSN.

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Introducing the ultimate all-in-one study guide for acing the Medical-Surgical Nursing Certification Exam This innovative new review is the most complete and effective way for test takers to prepare for the medical-surgical nursing certification exam administered through either the Medical-Surgical Nursing Certification Board (MSNCB) or the American Nurses Credentialing Center (ANCC). Delivering everything test-takers need in one comprehensive study guide, the book includes review questions, case studies, clinical considerations, and a practice test. The user-friendly, time-efficient presentation

conveniently summarizes and simplifies must-know, high-yield content most relevant to passing the exam. EVERYTHING YOU NEED TO EXCEL: •Content mirrors the blueprint of both the ANCC and MSNCB exams, so you know you are studying only the most high-yield, relevant material•A 150 question practice exam provides rock-solid preparation•Each carefully constructed chapter includes an overview, content, practice questions, and clinical considerations•Enhanced by the input of renowned content experts who know exactly what it takes to pass

This thoroughly updated review provides the information needed for certification in medical-surgical nursing from the credentialing arms of the American Academy of Medical-Surgical Nurses and the American Nurses Association. It covers all topics on the exam and includes review questions, posttests, and answers with rationales. This edition reflects current NANDA Taxonomy II nursing diagnoses, arranged by nursing domain, and recent CDC infection prevention and control guidelines. The cardiovascular chapter reflects the latest information on acute coronary syndrome differential care and American Heart Association guidelines for emergency cardiovascular care. The appendix on oncology care issues and nursing implications has been expanded.
