Cambridge Lower Secondary Checkpoint

The Cambridge Checkpoints Science consists of 4 parts: Scientific Enquiry. Biology. Chemistry. Physics. Take a look at the Framework, print it out and check whether you know it all . In my opinion, Scientific Enquiry should go well, you practiced enough during the science lessons. Do the questions of the exams and see whether I'm right. Take a look at Biology.

We are working with Cambridge Assessment International Education to gain endorsement for this forthcoming title.

Build confidence and understanding throughout the year with hundreds of additional practice questions. This Workbook supports our bestselling Checkpoint series, with exercises specifically matched to the Cambridge Progression tests and the Checkpoint tests. - Develops understanding and builds confidence ahead of assessment with exercises matched to the tests - Ensures a thorough understanding of all aspects of the course by following the structure of the relevant textbook - Saves planning time with exercises that are suitable for use in class or as homework This Workbook is matched to the Cambridge Lower Secondary Curriculum Framework and follows the structure of the equivalent Checkpoint Student's Book exactly. This text has not been through the Cambridge International endorsement process.

This volume has three sections, covering biology, physics and chemistry, so teachers can still teach the three sciences separately if they prefer. The introductory chapter includes a new section on scientific enquiry, reflecting the focus of the new framework.

Written by well-respected authors, the Cambridge Checkpoint Science suite provides a comprehensive, structured resource which covers the full Cambridge Secondary 1 framework and seamlessly progresses into the next stage. English language skills are the single biggest barrier to students accessing international science. We've developed this workbook to help Cambridge Lower Secondary Science students understand scientific terms and express themselves effectively in English. The write-in workbook covers English language in science contexts to help students develop their skills and confidence in preparation for the Checkpoint Test. Activities range from choosing the right word in a list of possible answers to writing longer responses. The answers to the workbook questions are on the Cambridge University Press website.

Written by well-respected authors, the suite provides a comprehensive, structured resource which covers the full Cambridge Secondary 1 framework and seamlessly progresses into the next stage. This engaging course supports teaching of the Science framework both theoretically and practically, with full coverage of the Scientific Enquiry framework integrated throughout the series. This Coursebook for Stage 8 gives a thorough introduction to the concepts, and offers a wealth of ideas for hands-on activities to make the subject matter come to life.

The Cambridge Checkpoint English suite provides a comprehensive, structured resource which covers the Secondary 1 framework for English and seamlessly progresses into the next key stage (covered by our Cambridge IGCSE® First Language English series).
