The Best Fully Integrated Study System Available With hundreds of practice questions and hands-on exercises, CCNA Cisco Certified Network Associate Wireless Study Guide covers what you need to know--and shows you how to prepare--for this challenging exam. 100% complete coverage of all objectives for CCNA Wireless Exam 640-721 Exam Readiness Checklist--you're ready for the exam when all objectives on the list are checked off Inside the Exam sections highlight key exam topics covered Two-Minute Drills for quick review Simulated exam questions match the format, tone, topics, and difficulty of the real exam Covers all the exam topics, including: Radio Frequency Basics / Wireless LAN Standards and Topologies / The Shared Wireless Medium / Wireless Security Frameworks / Wireless Authentication and Encryption / Understanding the Cisco Unified Wireless Network Architecture / Understanding Cisco Mobility Express Solution / Deploying Cisco Wireless LAN Components / Understanding and Deploying the Wireless Control System / Understanding and Installing Wireless Clients / Administering and Maintaining a Cisco Wireless Network / Cisco Wireless Network Troubleshooting Tasks Electronic content includes: Complete MasterExam practice testing engine, featuring: One full practice exam Detailed answers with explanations Score Report performance assessment tool With Free Online Registration: Bonus downloadable MasterExam practice test "There are a number of books available for Cisco's 640-721 exam, but by far Henry Chou and Michael Kang's CCNA Cisco Certified Network Associate Wireless Study Guide is in a league of its own. It divides the material into twelve chapters (five parts) and thoroughly covers the information. At the end of each chapter, you have a "Two-Minute Drill" and a test (followed by the answers to such). The minimum number of these end-of-the-chapter questions is ten, with one chapter holding 11 and another 18. There are practice exams on the accompanying download (making the total set 250), and two appendices on hardware-related subject matter. This makes for one powerful book and the ideal prescription for passing a popular CCNA exam." CertCities, July 1, 2010

A complete guide to the CCNA Wireless exam by leading networking authority Todd Lammle The CCNA Wireless certification is the most respected entry-level certification in this rapidly growing field.
