Book 2 in the Animal Stars series - where history comes alive through the eyes of special animals. To outsiders, Mary is a queen and a threat, but to her devoted dog Folly, she is his world to the world

## Get Free Clarion M475 User Guide

outside her luxurious prison, Mary Queen of Scots is either a shameless beauty who killed her husband, or the rightful queen of England and Scotland, tragically held captive by Elizabeth the First. But to the dog who loved her, Mary is simply his mistress, and the centre of his life. While Mary desperately plots to seize both her freedom and the throne, her dog Folly's world is one of chasing mice behind the tapestries and enjoying turkey legs with quinces for supper. Until the day comes when they try to take his Queen away ... Based on the true story of the dog who was with Mary when she died, the Dog Who Loved a Queen is a fascinating tale of religious bigotry, plots and passion - and the unquestioning loyalty of a small Scottish terrier.

Trinidad is known for its vibrant musical traditions, which reflect the island's ethnic diversity. The annual Carnival, far and away the biggest event in Trinidad, is filled with soca and calypso music. Soca is a dance music derived from calypso, a music with African antecedents. In parang, a Venezuelan and Spanish derived folk music that dominates Trinidadian Christmas festivities, groups of singers and musicians progress from house to house, performing for their neighbors. Chutney is also an Indo-Caribbean music. In *Bacchanalian Sentiments*, Kevin K. Birth argues that these and other Trinidadian musical genres and traditions not only provide a soundtrack to daily life on the southern Caribbean island; they are central to the ways that Trinidadians experience and navigate their social lives and interpret political events. Birth draws on fieldwork he conducted in one of Trinidad's ethnically diverse rural villages to explore the relationship between music and social and political consciousness on the island. He describes how Trinidadians use the affective power of music and the physiological experience of performance to express and work through issues related to identity, ethnicity, and politics. He looks at how the performers and audience members relate to different musical traditions. Turning explicitly to politics, Birth recounts how Trinidadians used music as a means of making sense of the attempted coup d'état in 1990 and the 1995 parliamentary election, which resulted in a tie between the two major political parties. *Bacchanalian Sentiments* is an innovative ethnographic analysis of the significance of music, and particular musical forms, in the everyday lives of rural Trinidadians.

In this laugh-out-loud picture book, a Viking falls in love and must face the only thing in his way of attaining it: his fear of the sea. Stig is your quintessential Viking guy. He loves fresh air, stew, and adorable kittens . . . but he hates the sea. Ingrid is your quintessential Viking gal. She loves all of the above and the sea. What happens when Stig sees Ingrid? Of course, he falls head over heels. But there is one significant problem that stands in their way: the sea. Will Stig find a way to overcome his fears and woo the bold and beautiful Ingrid? Only if he uses his Viking ingenuity . . . and a few kittens.
