Now in a Tenth Canadian Edition, Ross Fundamentals of Corporate Finance continues its tradition of excellence as a market leader. Known for its approach, Ross focuses on three powerful ideas which are integrated throughout -- emphasis on intuition, unified valuation approach, and managerial emphasis giving students a solid foundation in business and finance. The Tenth Edition has been updated ...

Corporate Finance, by Ross, Westerfield, and Jaffe is a popular textbook that emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. Brad Jordan, known for his successful work on the RWJ Fundamentals and Essentials books, contributed to this edition. His influence will be seen particularly in the writing style with smoother coverage of topics, and the increased quality in the problem material.

Essentials of Corporate Finance 4e provides students with a succinct introduction to the principles and practice of corporate and business finance. This market-leading text, adapted by Rowan Trayler and Gerhard Van de Venter, retains the accessible and popular Ross style by focusing on key concepts and a range of local and global case studies. The new edition features enhanced content coverage in areas such as company valuation using the Weighted Average Cost of Capital (WACC) and crowdfunding. The comprehensive end-of-chapter content and extensive digital resources help students solve financial problem and apply their learning in real-world scenarios. In addition, the integrated solutions to questions have been designed to help improve students

analytical and problem-solving skills. Accessible, engaging and concise, this is the essential resource for finance majors and non-majors alike.

The best-selling Fundamentals of Corporate Finance (FCF) has three basic themes that are the central focus of the book: 1) An emphasis on intuition—the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A unified valuation approach—net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus—the authors emphasize the role of the financial manager as decision maker, and they stress the need for managerial input and judgment. The Eleventh Edition continues the tradition of excellence that has earned Fundamentals of Corporate Finance its status as market leader. McGraw-Hill's adaptive learning component, LearnSmart, provides assignable modules that help students master chapter core concepts and come to class more prepared. In addition, resources within Connect help students solve financial problems and apply what they've learned. Ross Fundamentals' intuitive approach, managerial focus, and strong end-of-chapter content combine with a complete digital solution to help your students achieve higher outcomes in the course.

The integrated solutions for Ross's Essentials of Corporate Finance have been specifically designed to help improve student performance, meaning that students are prepared for and engaged in class, and they can successfully solve problems and analyse the results. McGraw-Hill's adaptive learning component, LearnSmart, provides assignable modules that help students master chapter core concepts and come to class more prepared. In addition, resources within Connect help students solve financial problems and apply what they've learned. Ross Essentials' succinct coverage, managerial focus, and strong end-of-chapter content combine with a complete digital solution to help your students achieve higher outcomes in the course. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Ross/Westerfield/Jaffe/Jordan's Corporate Finance: Core Principles and Applications was written to convey the most important corporate finance concepts and applications at a level that is approachable to the widest possible audience. The concise format, managerial context and design, and student-friendly writing style are key attributes to this text. The well-respected author team is known for the clear, accessible presentation of material that makes this text an excellent teaching tool. And with the Fifth Edition, McGraw-Hill's Connect® empowers students by continually adapting to deliver precisely what they need, when they need it, and how they need it, so your class time is more engaging and effective.
