This lab manual provides Skill Sheets and includes traditional lab exercises as well as inquiry-based lab activities.

Designed with New York State high school students in mind, CliffsTestPrep is the only hands-on workbook that lets you study, review, and answer practice Regents exam questions on the topics you're learning as you go. Then, you can use it again as a refresher to prepare for the Regents exam by taking a full-length practictest. Concise answer explanations immediately follow each question--so everything you need is right there at your fingertips. You'll get comfortable with the structure of the actual exam while also pinpointing areas where you need further review. About the contents: Inside this workbook, you'll find sequential, topic-specific test questions with fully explained answers for each of the following sections: * Observation and Measurement * The Dynamic Crust * Minerals and Rocks * Geologic History * Surface Processes and Landscapes * Meteorology * The Water Cycle and Climates * Astronomy * Measuring the Earth A full-length practice test at the end of the book is made up of questions culled from multiple past Regents exams. Use it to identify your weaknesses, and then go back to those sections for more study. It's that easy! The only review-as-you-go workbook for the New York State Regents exam

Prepares students for the new standards and the commencement level PS/Earth Science Test. Challenges with content-based, multiple choice, short and extended constructed-response questions. Features process skills activities in information systems, interconnectedness, and interdisciplinary problem solving,. Correlates PS/Earth Science key ideas on Earth dimensions, rocks and minerals, dynamic crust, surface processes, water cycle and climate, astronomy, and environmental awareness. Fosters mastery with practice on four recent tests for practice.
