The book highlights the modern, analytical approach to corporate finance decision-making. Its aim is: • to help readers develop a thorough understanding of the theories and concepts underlying financial management in a systematic way • to make the subject of finance

interesting to learn, simple to comprehend and relevant in practice • to help readers appreciate the logic for making ...

Combining depth of theory with practical applications, Madura's best-selling INTERNATIONAL FINANCIAL MANAGEMENT ABRIDGED, 12E builds on the fundamental principles of corporate finance to provide the timely information and contemporary insights needed to prosper in today's global business environment. With its signature reader-friendly style and clear explanations, the text introduces international finance with a focus on the important role of modern multinational corporations in global commerce. It discusses a wide range of managerial topics using a strong corporate perspective. Emphasizing the most recent financial changes and industry trends, the Twelfth Edition highlights financial reform and its impact on international finance today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Financial Management: Theory and Practice celebrates the 23rd Anniversary of its publication. Over these two decades, Indian business and finance have considerably changed owing to deregulation, liberalisation, privatisation, globalisation, and the ascendance of the services sector. The book has kept pace with these changes and captures the central themes and concerns of corporate financial management-making it both contemporary and comprehensive. The book seeks to: • Build understanding of the central ideas and theories of modern finance • Develop familiarity with the analytical techniques helpful in financial decision making • Furnish institutional material relevant for understanding the environment in which financial decisions are taken • Discuss the practice of financial management.

The Second Edition of the book encompasses two new chapters—Strategic Cost Management and Business Ethics—A Strategic Financial Management Instrument. The book, being an augmented version of the previous edition, equips the young managers with the fundamentals and basics of strategic management and financial management in a cogent manner. The text now provides a better orientation to the students on the topics like corporate restructuring, divestitures, acquisitions, and mergers in the global context with the help of examples and caselets. The book has been revised keeping in view the requirements of postgraduate students of management and the students pursuing professional courses such as CA, MFC and CS. In addition, professionals working in the corporate sector may also find the book beneficial to integrate the financial management functions into business strategy and financial operations. Distinctive features • Model question papers have been appended at the end of the book. • Better justification of topics by merging the contents wherever required. • Theory supported with caselets inspired from global as well as Indian context.

This e-book intends to discuss issues and challenges like Globalization, Ethics and Social Responsibility, Empowerment of Employees, Workforce Diversity, etc. The edited e-book would prove to be a boon to academicians, researchers, executives, professionals, business leaders and many others who are facing competition with the rapid development in global business scenario. The scope of e-book will be a forum for new ideas, concepts and discussions of the challenges of the business management and would also be an endeavor to examine the different dimensions of a successful business.
