A highly original, stirring book on Mahatma Gandhi that deepens our sense of his achievements and disappointments—his success in seizing India ' s

# Online Library Gandhi The Man His People And Empire Rajmohan

imagination and shaping its independence struggle as a mass movement, his recognition late in life that few of his followers paid more than lip service to his ambitious goals of social justice for the country ' s minorities, outcasts, and rural poor. Pulitzer Prize – winner Joseph Lelyveld shows in vivid, unmatched detail how Gandhi ' s sense of mission, social values, and philosophy of nonviolent resistance were shaped on another subcontinent—during two decades in South Africa—and then tested by an India that quickly learned to revere him as a Mahatma, or “ Great Soul, ” while following him only a small part of the way to the social transformation he envisioned. The man himself emerges as one of history ' s most remarkable self-creations, a prosperous lawyer who became an ascetic in a loincloth wholly dedicated to political and social action. Lelyveld leads us step-by-step through the heroic—and tragic—last months of this selfless leader ' s long campaign when his nonviolent efforts culminated in the partition of India, the creation of Pakistan, and a bloodbath of ethnic cleansing that ended only with his own assassination. India and its politicians were ready to place Gandhi on a pedestal as “ Father of the Nation ” but were less inclined to embrace his teachings. Muslim support, crucial in his rise to leadership, soon waned, and the oppressed untouchables—for whom Gandhi spoke to Hindus as a whole—produced their own leaders. Here is a vital, brilliant reconsideration of Gandhi ' s extraordinary struggles on two continents, of his fierce but, finally, unfulfilled hopes, and of his ever-evolving legacy, which more than six decades after his death still ensures his place as India ' s social conscience—and not just India ' s.

From the critically acclaimed Little People, BIG DREAMS series, discover the life of Mohandas Gandhi, the father of India. As a young teenager in India, Gandhi led a rebellious life and went against his parents' values. But as a young man, he started to form beliefs of his own that harked back to the Hindu principles of his childhood. Gandhi began to dream of unity for all peoples and religions. Inspired by this idea, he led peaceful protests to free India from British rule and unite the country--ending violence and unfair treatment. His bravery and free-thinking made him one of the most iconic people of peace in the world, known as Mahatma, meaning "great soul." This moving book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the activist's life. Little People, BIG DREAMS is a best-selling series of books and educational games that explore the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible things, yet each began life as a child with a dream. This empowering series offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardcover versions present expanded stories for beginning readers. Boxed gift sets allow you to collect a selection of the books by theme. Paper dolls, learning cards, matching games, and other fun learning tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!

The definitive biography of free India's first Head of State Chakravarti Rajagopalachari (1878-1972), popularly called C.R. or Rajaji, is usually remembered as free India's Governor-General, or the first Indian Head of State. At one time considered Gandhi's heir, this brilliant lawyer from Salem was regarded in pre-independence years as one of the top five leaders of the Congress along with Nehru, Prasad, Patel and Azad. This biography written by Rajaji's grandson, the noted historian and biographer Rajmohan Gandhi, highlights Rajaji's role in the events preceding Partition. A statesman and conciliator of conflicts between stalwarts, he was perhaps the sole Congress leader in the forties to admit to the likelihood of Partition. He prophesied even then that Pakistan might break up in twenty-five years! Later, C.R. became a strident critic of Nehru and the Congress. As a founder of the Swatantra party in the fifties, he attacked the 'permit-license Raj' fearing its potential for corruption and stagnation, even while the tide was in favour of Nehru's socialistic pattern. Meticulously researched, using C.R.'s private papers, his contemporaries' archives, extensive interviews with eyewitnesses and contemporary accounts and newspapers, this intensely personal, yet objective account gives us an unparalleled portrait of one of the outstanding Indians of this century.

A new and illuminating portrait of one of the greatest figures of the twentieth century. Mohandas Karamchand Gandhi has been the subject of over a dozen well-regarded biographies, yet key aspects of the man still prove elusive. In this book, Rajmohan Gandhi, a grandson of Mahatma Gandhi and an

# Online Library Gandhi The Man His People And Empire Rajmohan

acclaimed biographer and scholar, attempts to understand the phenomenon that was Gandhi. This he does by examining in detail dominant and varied themes of Gandhi's life"his unsuccessful bid to keep India united, his attitude towards caste and untouchability; his relationship with those whose empire he challenged; his controversial experiments with chastity; his views on God, truth and non-violence; and his selection of heirs to lead a new-born nation. For a generation growing up on images of a simplified Father of the Nation and apostle of non-violence frozen in statues or reduced to a few predictable strokes of an artist's pen, this biography offers a rewarding insight into the man, his victories and his defeats.

This book was written by a Hindu, the grandson of Mohandas K. Gandhi. His intent, in writing on eight Muslims and their influence on India in the twentieth century, is to reduce the gulf between Hindu and Muslims. Focusing on figures viewed as heroes by sub-continent Muslims, he shows that they can be admired by Hindus as well--that they need not be frozen in Hindu minds as foes. Here is a fascinating account of twentieth-century India, Pakistan, and Bangladesh told through biographical sketches of eight men: Sayyid Ahmed Khan (1817-1898), Fazlul Huq (1873-1962), Muhammad Ali Jinnah (1876-1948), Muhammad Iqbal (1876-1938), Muhammad Ali (1878-1931), Abul Kalam Azad (1888-1958), Liaqat Ali Khan (1895-1951), and Zakir Husain (1897-1969).

"The second and concluding volume of Ramachandra Guha's magisterial biography that offers the definitive portrait of the life and work of one of the most

# Online Library Gandhi The Man His People And Empire Rajmohan

abidingly influential--and controversial--men in world history. This book opens in July 1914, as Mohandas Gandhi leaves South Africa to return to India. Over the next three decades, Gandhi's daily life would be given over to the epic struggle to deliver India from British rule, to forge harmonious relations between India's Hindus and Muslims, to end the pernicious practice of untouchability, and to nurture India's economic and moral self-reliance. Guha's illuminating narrative follows Gandhi as he works his way into the hierarchy of the nationalist movement, emerging as early as 1919 as its leader ... as he organizes local and issue-specific campaigns that would lead to the spectacular movement of non-cooperation that spread across the country between 1920 and 1922 (only to be called off by Gandhi himself when a group of his followers burned a police station to the ground) ... as he spearheads the "Independence Pledge" among his colleagues in the Congress ... as he makes the extraordinary three-week-long Salt March, which would force the British, finally, to meet face-to-face with the "half-naked fakir," as Churchill (in)famously called him. In each of these campaigns, Gandhi develops novel methods of nonviolence--strikes, marches, fasts--to successfully challenge not only British authority but the religious orthodoxy and social customs that had afflicted his country for centuries. In reconstructing Gandhi's life and work, Guha has drawn on sixty different archival collections, the most significant a previously unavailable collection of papers belonging to Gandhi himself. He creates a luminous portrait not only of the Mahatma but of those closest to him, among them: the political leaders Vallabhbhai Patel and Jawaharlal Nehru; Mahadev Desai, his indispensable secretary and

# Online Library Gandhi The Man His People And Empire Rajmohan

confidant; Charles E Andrews, the Christian priest who acted as intermediary between Gandhi and officials of the Raj; Gandhi's great rivals, the Muslim leader M.A. Jinnah and the brilliant Columbia-educated leader of the "Untouchables," B.R. Ambedkar; Gandhi's wife, Kasturba; and their son Devadas. Guha reconstructs the attitudes of the successive British viceroys of India in their dealings with Gandhi; shows how the Second World War provided impetus for the Quit India movement, which the author argues was Gandhi's last desperate effort to see the end before he died; and examines how Gandhi's opposition to the partition would be the catalyst for sectarian violence when the British granted independence on 15 August 1947. We see his extraordinary walk through riot-torn villages in that year; his fast that succeeded in stopping religious violence in Calcutta; the worldwide outpouring of grief after his assassination in January 1948. This biography is a revelation of the complexity of Gandhi's thinking, his motives, his actions and their outcomes as he engaged with every important aspect of social and public life in the India of his time--and as his influence, and the challenge and controversy of his legacy, continue unabated."--Jacket.

This is the extraordinary story of how one man's indomitable spirit inspired a nation to triumph over tyranny. This is the story of Mahatma Gandhi, a man who owned nothing--and gained everything.

In 1893, when Mohandas Gandhi set sail for South Africa, he was a briefless lawyer who had failed to establish himself in India. In this remarkable biography, Ramachandra Guha argues that the two decades that

# Online Library Gandhi The Man His People And Empire Rajmohan

Gandhi spent in the diaspora were the making of the Mahatma. It was here that he forged the philosophy and techniques that would ultimately destroy the British Empire. Based on archival research in four continents, this book explores Gandhi ' s experiments with dissident cults, his friendships and enmities, and his failures as a husband and father. Gandhi Before India tells the dramatic story of how he mobilized a cross-class and inter-religious coalition, pledged to non-violence in their battle against a racist regime. Deeply researched and beautifully written, this book will radically alter our understanding and appreciation of modern India ' s greatest man.
