"Spirituality" has become a buzzword in our contemporary culture as individuals strive for meaning and fulfillment. Its detachment from the church and conventional definitions of religious practice highlights the seeming redundancy of what has come before. "Spirituality" in this light signals a new attempt to find wholeness unencumbered by outmoded doctrines and stale rituals. It is the conviction of this publication that the intuition behind contemporary searches for spiritual reality is a good one. It acknowledges that there must be more to life than what secular media or consumerism might tell us. The joyful message of *Perspectives on Prayer and Spirituality* is that the spiritual quest is a valid one and worth exploring. There is treasure to be found. However, the surprise is that we must rediscover what we have left behind. In the words of G. K. Chesterton, "it is not that the Christian ideal has been tried and found wanting, rather it has been found difficult and left untried." This book offers us the tools to mine the riches of Christian spirituality and find that elusive treasure. The title, *Perspectives on Prayer and Spirituality*, alerts us to the fact that life-giving spirituality stems from relationship with a personal God who can be known.

Dangerous Prayer offers a strategy for fostering prayer and spirituality in mission that focuses on neighbourhood transformation and global needs using the Lord's Prayer as a radical blueprint. Sustainability in mission is not possible without prayer; vibrancy in prayer is not possible without mission. Christians on mission need a vibrant life of prayer in order to be effective yet to have a vibrant prayer life they need an outlet in mission. The Lord's Prayer offers a radical inspirational framework to help move Christians beyond praying just for themselves and to have their imaginations captured by the mission of God and concern for global needs. Jesus' words guide us to pray for God's Kingdom on earth, for restoration, for food for all who are hungry, for people to experience forgiveness and all that really is good news about Jesus. It is a dangerous prayer because of its counter-cultural and radical stance, and because it invites us to be, in part, the answer to our prayers. This book offers inspiring and practical approaches for unleashing the whole people of God for missional prayer and prayerful mission.
