Designed as a core textbook for courses in Advertising and Society, "Advertising, Society, and Consumer Culture" develops an integrated perspective that gives students a framework for understanding past, present, and future issues in advertising communications. Chapter contents cover the entire range of social, political, cultural, regulatory, and economic issues that surround advertising and its role in modern society. The many social issues addressed include advertising and gender stereotyping, advertising to vulnerable audiences, and the distribution of wealth in consumer society. "Advertising, Society, and Consumer Culture" intertwines the development of the consumer culture with its coverage of the historical, political, regulatory, and ethical issues of advertising. It includes clear, comprehensive tables that chronicle historical developments and key legal cases. The text is readable for undergraduates but provides enough depth to serve as a graduate-level text. Including extensive notes and a bibliography, it can be adopted independently, or alongside its companion volume, "Readings in Advertising, Society, and Consumer Culture".

It is now 2035 and Gen and Nate MacGregor's family have overcome the traumatic upheaval in their lives since the oil ran out. Five years on and they are finally looking forward to some 'quiet' years together. The rest of the world though, is not surviving these times quite so well as the MacGregors. Thousands have died from starvation. Wars have broken out in many countries over dwindling resources. Cities have crumbled as the world's leaders and infrastructure has failed, leaving survivors to deal with life in whatever way they can. Many who have made it this far, have done so with cunning and ruthlessness. The cruel twist of fate's knife is felt once again when newcomers to Arrow Valley betray their generosity and Gen finds herself in danger, again, of losing everything she loves. Will the strong head of this family, once again show true-grit in the face of death? Battles of the mind and heart cannot be waged with swords. Avenge My Chief is the exciting new sequel to Barbed Wire and Daisies.

In Harley-Davidson, moto-journalist Christopher P. Baker offers a complete guide to every production engine ever built by the USA's leading motorcycle brand. This book presents each of the distinct engine epochs chronologically in its own chapter, including profiles of archetypal motorcycle models best associated with each engine. Images of a select variant most representative of each engine era illustrate the introduction of each chapter. Further details on these highlighted engines are given in the pages for the specific model from which each was taken. More than 40 classic Harleys are portrayed in detail, from the first "Model Number 1" F-head single of 1903 to the Pan America adventure tourer of 2021, powered by Harley's state-of-the-art liquid-cooled Revolution Max engine. In between, the development of the Harley-Davidson engines is traced as a gradual evolutionary process, reflecting how the brand's unique classic V-Twin characteristics--hearkening all the way back to the F-head 45-degree layout--came to define an attitude, emotion, and lifestyle, fostering a company maxim: "If it ain't broke, don't fix it."
