it, and how to share it with others. He became a magician because he learned at a young age that magic tricks don't have to be frivolous. Magic doesn't have to be about sequins and smoke machines--rather, it can create a moment of genuine astonishment. But after years on the road as a professional magician, crisscrossing the country and performing four or five nights a week, every week, Nate was disillusioned, burned out, and ready to quit. BESTSELLING BOOK In this inspirational guide, Wayne Dyer, the author of the phenomenal bestsellers *Wisdom of the Ages*, *Pulling Your Own Strings*, and *Your Erroneous Zones*, reveals seven beliefs central to working miracles in our everyday lives. When most of us think of magic, we picture a man in a black cape sawing a woman in half, or a sleight-of-hand card trick. But there's another kind of magic – real magic – that can enrich your life. According to Dyer, real magic means creating miracles in everyday life. Quitting smoking or

drinking, achieving new job success, or finding a happy relationship – these are all miracles because they transcend our perceived limitations. From "creating a miracle mind-set" and achieving change in the areas of personal health, prosperity, and fulfilling love relationships to believing in the magic of miracles on a global scale, Dyer shows us that miracles within our reach and within our own minds. In Real Magic, Dyer teaches us how to achieve a higher level of consciousness. He asks us to imagine what would make us happy, then offers specific strategies for attaining these goals. In every aspect of our individual lives – physical health, finances, intimate relationships,

and personal identity - there is always room for a miracle or two. And with Dyer's help, each and every one of us can be a miracle worker.

Emily Croy Barker's *The Thinking Woman's Guide to Real Magic* is full of romance, adventure and, of course, magic... 'Fun, seductive, and utterly engrossing' Deborah Harkness, author of *The Discovery of Witches* 'A wholly imaginative and witty debut novel that is unlike any I've read' Sara Gruen, author of *Water for Elephants* Nora's life is not quite going as planned. Her career has stalled; the man of her dreams is getting married, but not to her; and there's a mouse in her kitchen... Getting away for the

For a friend's wedding weekend seems like perfect timing, especially when she stumbles across the unfeasibly glamorous Ilissa, who is determined to take Nora under her wing. Through Ilissa, Nora is introduced to a whole new world - a world of unbelievable decadence and riches where time is meaningless and everyone is beautiful. And Nora herself feels different: more attractive; more talented; more popular... Yet something doesn't quite ring true: was she really talking to Oscar Wilde at Ilissa's party last night? Or transported from New York to Paris in the blink of an eye? It is only when Ilissa's son, Raclin, asks Nora to marry him that the truth about her new friends becomes

apparent. By then, though, it's too late, and Nora realises she may never be able to return to the world, and the life, she knew before. If she is to escape Raclin and Ilissa's clutches, her only hope is the magician Aruendiel. A grim, reclusive figure with a biting tongue and a shrouded past, he might just teach her what she needs to survive and perhaps even make it home: the art of real magic. For fans of Deborah Harkness's All Souls Trilogy and Lev Grossman's Magicians series, The Thinking Woman's Guide to Real Magic by Emily Croy Barker is proof that magic not only exists but - like love - can sweep you off your feet when you least expect it... Emily Croy Barker lives in New Jersey. This is her first novel.
