'A brave, beautiful book that could double as a handbook to accompany anyone on their journey through cancer' Jackie Kay, *New Statesman*
The Cancer Journals is an intimate, poetic and invigorating account of the experience of breast cancer, from biopsy to mastectomy, told by the great feminist and activist Audre Lorde. Moving between journal entry, memoir, and essay, Lorde fuses the personal and political to reflect on the many questions breast cancer raises: questions of survival, sexuality, prosthesis and self-care. It is a journey of survival, friendship, and self-acceptance. 'Grief, terror, courage, the passion for survival and for more than survival, are here in the searchings of a great poet' Adrienne Rich 'This book teaches me that with one breast or none, I am still me' Alice Walker

Thoracic Malignancies: Thoracic Malignancies is the first title in Radiation Medicine Rounds. These tumors take more lives than any others and they are among the most preventable of tumors. Thus it is crucial for the practitioner to be up-to-date on the latest insights regarding their management. Thoracic Malignancies addresses the multi-disciplinary nature of the care of these tumors. There is representation from radiation oncology, medical oncology, and surgery ensuring a well-rounded summarization of current practice. Included are chapters on lung cancer, esophageal cancer, and thymomas providing coverage of the vast majority of thoracic tumors. The multi-disciplinary nature of the articles provides readers with an up-to-date summary and a well-rounded review regarding these tumors and their care. Expert authors provide reviews and assessments of the most recent data and its implications for current clinical practice, along with insights into emerging new trends of importance for the near future. About the Series Radiation Medicine Rounds is an invited review publication providing a thorough analysis of new scientific, technologic, and clinical advances in all areas of radiation medicine. There is an emphasis throughout on multidisciplinary approaches to the specialty, as well as on quality and outcomes analysis. Published three times a year Radiation Medicine Rounds provides authoritative, thorough assessments of a wide range of hot topics and emerging new data for the entire specialty of radiation medicine. Features of Radiation Medicine Rounds include: Editorial board of nationally recognized experts across the spectrum of radiation medicine In-depth, up-to-date expert reviews and analysis of major new developments in all areas of Radiation Medicine Issues edited by an authority in specific subject area Focuses on major topics in Radiation Medicine with in-depth articles covering advances in radiation science radiation medicine technology, radiation medicine practice, and assessment of recent quality and outcomes studies Emphasizes multidisciplinary approaches to research and practice

A Journal for Cancer Patients This is meant to help cancer patients journalize each day their activities. It may be that you are going for Chemotherapy, record down your experience but get a scripture that you meditate on for the day. A Place to record your Cancer Diet You may just be going in for any breast cancer excersice, or a Cancer survival statistic you came across. Just write down, you never know, you will be surprised at what God has done. Yes, count your blessing and name them one by one and it will surprise you what the Lord has done. Use the journal to record down the breast cancer diet that you may be taking and the reactions over time. Cancer Prayer Scriptures Use the daily scriptures as a motivation and an encouragement from God's word as you journey. Buy this for your friends. I made this a monthly since I trust God to bring out others for each month with different scriptures. If you buy this first copy and are happy with it, send me your email and you will be among the first to know once the next one is available. Doctors, Caregivers, Family etc, Above all I wish God heal you. I pray that God will comfort you and He will grant all the doctors and those helping you with the journey wisdom and the grace that is sufficient. I pray that The Cancer scriptures will become alive in your life in Jesus Mighty Name, Amen. Be blessed. Yes, Cancer - You picked the wrong Chick!

'Physics of Cancer' emphasizes a novel biophysical-based view on cancer disease and metastasis highlighting the functional role of mechanical properties of cells while describing the biological state of cancer. Originating in part from the author's own courses on tumor biology and cellular biophysics, this book is suitable for students and researchers in this dynamic interdisciplinary field, be they from a physical, biological or medical sciences background.

If you are fighting cancer, this book planner journal is for you. If your family members or friends is fighting cancer, this book planner journal is also for you.
