Deer have been central to human cultures throughout time and space: whether as staples to hunter-gatherers, icons of Empire, or the focus of sport. Their social and economic importance has

# Online Library London Lore The Legends And

seen some species transported across continents, transforming landscape as they went with the establishment of menageries and park. The fortunes of other species have been less auspicious,

# Online Library London Lore The Legends And

some becoming extirpated, or being in threat of extinction, due to pressures of over-hunting and/or human-instigated environmental change. In spite of their diverse, deep-rooted and long standing relations with

# Online Library London Lore The Legends And

human societies, no multi-disciplinary volume of research on cervids has until now been produced. This volume draws together research on deer from wide-ranging disciplines and in so doing substantially

# Online Library London Lore The Legends And

advances our broader  
understanding of human-deer  
relationships in the past  
and the present. Themes  
include species dispersal,  
exploitation patterns,  
symbolic significance,  
material culture and art,

# Online Library London Lore The Legends And

effects on the landscape and management. The temporal span of research ranges from the Pleistocene to the modern day and covers Europe, North America and Asia. Papers derived from international conferences
