main goals: Help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy. GLOBAL EDITION Reorganized chapters to move international economics topics closer to the front of the book, including adding a web chapter into the physical textbook. Globally-focused data throughout the text and figures to illustrate issues such as emigrant remittances, agricultural subsidies, global union density, and international mergers. Updated discussion of exchange rates to focus on the euro and euro-area countries. Revised end-of-chapter material highlighting Asian, African, Central American, and European examples. Special Global Edition of Connect Plus, McGraw-Hill's web-based assignment and assessment platform with eBook access, which helps students learn faster, study more efficiently and retain more knowledge.
