New York Times best-selling author, Stephen Mansfield, traces the fascinating and influential life of Oprah Winfrey, profiling her quest for spiritual enlightenment—a well-publicized journey featuring a caravan of experts, mystics, and gurus—all claiming to have a prescription for inner peace and personal well-being. Mansfield shows how Oprah's story fits into our larger cultural experience and reveals why her spiritual discoveries have resonated so loudly in today's popular culture. In so doing, he sheds needed light on the dangers of a spiritual journey fueled solely by a desire for self-actualization. In the end, we find that the story of Oprah is, in fact, the story of us—of a generation searching desperately for something meaningful to believe in. "Wow. Stephen Mansfield reveals the Oprah story no other dares to tell—and with a two-edged sword that rightly divides the truth from the lies." —STAR PARKER, nationally syndicated columnist and media commentator "As a lens can focus all the sun into one searing spot of incandescence, *Where Has Oprah Taken Us?* focuses the vastness of popular culture through the lens of Oprah's amazing life to bring us this towering and insightful story. Stephen Mansfield offers us an unvarnished account of Winfrey's life (and our own spiritual wandering) told graciously and irresistibly. You will be thrilled, disturbed, and astounded, but ultimately inspired and uplifted." —RABBI DANIEL LAPIN, American Alliance of Jews and Christians

"Today on Oprah," intoned the TV announcer, and all over America viewers tuned in to learn, empathize, and celebrate. In this book, Kathryn Lofton investigates the Oprah phenomenon and finds in Winfrey ' s empire—Harpo Productions, O Magazine, and her new television network—an uncanny reflection of religion in modern society. Lofton shows that when Oprah liked, needed, or believed something, she offered her audience nothing less than spiritual revolution, reinforced by practices that fuse consumer behavior, celebrity ambition, and religious idiom. In short, Oprah Winfrey is a media messiah for a secular age. Lofton ' s unique approach also situates the Oprah enterprise culturally, illuminating how Winfrey reflects and continues

historical patterns of American religions.

The Upward Spiral is both the story of Vals journey of transformation and a process she has developed, and tested, that can lead us out of the endless cycle of repeating mistakes and reaching dead ends in our personal growth, and onto a new path of endless possibilities. Her philosophy brings together metaphysics, science, philosophy, spirituality and much more, with simplicity and a ring of truth. With transparent and straightforward honesty, Val says that working the transformational ten steps of the Upward Spiral takes courage determination, discipline and responsibility, and it is darn hard work, but it is also a natural, joyous process that brings rewards from the very first step, and her enthusiasm for the Upward Spiral is encouraging.

Can your ultimate desire ever be fulfilled? Everywhere you look, every time you listen, with each click and tap, there's something you desire. How do you know if what you desire will satisfy, or if you are seeing a "desire mirage"? The global village presents countless ways to connect to all kinds of information. We think we can scarcely live without these connections. Do we realize, however, that these connections often block or slow down connections to God, self, and others? *Divided Desire* is a journey along the road of desire--a road everyone travels. Along the journey, Kenny Damara explores why we desire what we desire in the global village today. What role does God have in fulfilling the ultimate desire of the heart? And how should we respond?
