Now in its fourth edition, this hugely popular textbook has established itself as the number one introduction to Politics for students around the world. Systematically revised and updated, the book continues to offer a clear and comprehensive guide to the most important conceptual and theoretical issues in the study of Politics. Paying particular attention to the interdependence of domestic and world events in present day politics, this latest edition is once again the ideal text to recommend to students undertaking introductory modules across Politics and International Relations programmes. With numerous features such as case studies, controversies, key thinkers and concept boxes, it helps students of all levels develop their critical awareness as well as their own views.

This revised, updated, and considerably expanded new edition provides a systematic introduction to the theory and practice of contemporary international relations. Including pedagogical features highlighting key thinkers and concepts, this text clarifies the fundamental debates and issues at stake in global political affairs.

Political Ideologies provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique "stop and think" feature calls for readers to reflect on their own ideological beliefs. Online Resources: Political Ideologies is accompanied by comprehensive online resources, to support political ideology courses. For students: \* Further reading and resources for each chapter to help students to undertake further research and deepen their understanding and critical thinking;\* Regular updates help students to keep up to date with ideologies as frameworks of understanding and political action in the real world. For lecturers:\* Indicative answers to questions in the book provide a framework for approaching these;\* Powerpoint slides to support each chapter, providing an overview and key points to help with planning;\* Further discussion and debate ideas, for use in seminars, encourage big picture thinking about the relationships between ideologies.

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different

thinkers and in the various political traditions, and explores related debates and controversies.

The 2nd edition of *Global Politics: A New Introduction* continues to provide a completely original way of teaching and learning about world politics. The book engages directly with the issues in global politics that students are most interested in, helping them to understand the key questions and theories and also to develop a critical and inquiring perspective. Completely revised and updated throughout, the 2nd edition also offers additional chapters on key issues such as environmental politics, nationalism, the internet, democratization, colonialism, the financial crisis, political violence and human rights. *Global Politics: Examines the most significant issues in global politics – from war, peacebuilding, terrorism, security, violence, nationalism and authority to poverty, development, postcolonialism, human rights, gender, inequality, ethnicity and what we can do to change the world* Offers chapters written to a common structure which is ideal for teaching and learning and features a key question, an illustrative example, general responses and broader issues Integrates theory and practice throughout the text, by presenting theoretical ideas and concepts in conjunction with a global range of historical and contemporary case studies Drawing on theoretical perspectives from a broad range of disciplines including international relations, political theory, postcolonial studies, sociology, geography, peace studies and development this innovative textbook is essential reading for all students of global politics and international relations.

This informative and widely-used text is now available in a third edition. Building on the success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of *Political Ideologies: introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism* sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and up-dated and provides an annotated guide for further reading.

The revised and updated eighth edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics. It provides a thorough and accessible overview of the institutions and processes of British government, a good grounding in British political history and an incisive introduction to the issues facing Britain today. With contributed chapters from respected scholars in the field and contemporary articles on real-world politics from well-known political commentators, this textbook is an essential guide for students of British politics. The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition. The eighth edition includes:

- Britain in context boxes offering contrasting international perspectives of themes in British politics.
- A comprehensive 'who's who' of politics in the form of Profile boxes featuring key political figures.
- And another thing ... pieces: short articles written by distinguished commentators including Jonathan Powell, Michael Moran and Mark Garnett.
- Fully updated chapters plus new material providing excellent coverage of contemporary political events including: The Leveson Inquiry, the aftermath of the 2011 riots and the House of Lords reform.
- A vibrant and accessible new design to excite and engage students as they work through a variety of political topics.
- A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government, including an overview of the major differences that divide the coalition partners.

This fully updated, fourth edition of *An Introduction to the Study of Education* provides a comprehensive and reflective introduction to the study of education, inviting students to question what

education is, who it is for and what purpose it serves. Taking the reader from the early years through to lifelong learning, it examines all forms of education and learning. This new edition includes ten completely new chapters and a step-by-step guide to essay writing. There is also a companion website to accompany the book, featuring additional chapters which can be visited at [www.routledge.com/cw/matheson](http://www.routledge.com/cw/matheson). This fully updated, fourth edition provides: a full exploration of the historical, sociological, philosophical and psychological roots of education; a clear focus on the individual levels of education – preschool, compulsory, post-compulsory and lifelong learning; the latest debates within special educational needs; an in-depth examination of learning styles; insights into the historical development of education and the role of, and background to, research in education; a focus on current educational practice and diversity across the United Kingdom and Ireland. Written in a clear and accessible style, this is the essential core text for all beginning students on undergraduate and postgraduate courses in Education Studies and all those interested in education today, where it came from and where it is going.
