Carrera 996 911 Engine Part 2
Porsche 996 (911) Engine
teardown Porsche Engine Rebuild
The cost to rebuild a Porsche
engine varies in price according
to the type of rebuild being
undertaken, the parts involved
and the labour taken to complete
the work. For example, once the
engine is removed from an air-
cooled 911, a top-end rebuild
would typically take us 18-21
days to complete, whereas a full
build would take closer to 30
days.
