Poet, celebrity, and revolutionary, Lord (George Gordon) Byron was one of the most influential and controversial figures of the first half of the nineteenth century, his distinctive, deeply felt work comprising one of the enduring high points of Romantic literature. From "Manfred," with its evocation of the figure that came to be called the "Byronic hero," to the melancholy "Childe Harold," to the satirical masterpiece "Don Juan" (presented here in judiciously selected form), this Modern Library Paperback Classic includes all of the essential Byron.

Presents selections of the poet's works along with Byron's own notes on the same page as the poetry.

This volume comprises the complete poetic works of Byron. As well as including such works as "Childe Harold", "Don Juan", "The Two Foscari", "The Lament of Tasso" and "The Vision of Judgement", it also contains his shorter lyrical poems.

Humorous and ironic, daring and flamboyant, sardonic yet idealist, his work encompasses a sweeping range of topics, subjects, and models, embracing the most traditional and the most experimental poetic forms.

Selected poems written by Lord Byron.

Described as 'Mad, bad and dangerous to know' by one of his lovers, Lady Caroline Lamb, Lord Byron was the quintessential Romantic. Flamboyant, charismatic and brilliant, he remains almost as notorious for his life - as a political revolutionary, sexual adventurer and traveller - as he does for his literary work. Yet he produced some of the most daring and exuberant poetry of the Romantic age, from 'To Caroline' and 'To Woman' to the satirical English Bards and Scotch Reviewers, his exotic Eastern tales and the colourful narrative of Childe Harold's Pilgrimage, the work that made him famous overnight and gave birth to the idea of the brooding Byronic hero.

A revealing collection of Byron's private letters and vivid excerpts from his journals provide a memorable self-portrait of the nineteenth-century English poet

This extensive collection of the English Romantic poet includes "classics as Childe Harold's Pilgrimage, a sweeping narrative poem which relays the story of a world-weary young man who abandons a life of pleasure for distraction in foreign lands, and a selection from Don Juan, widely considered Byron's masterpiece which tells the legend of Don Juan as a man who is easily seduced by women instead of the more common womanizing portrayal."--Cover, p.4.
