Science is confirming what ancient wisdom has always asserted—that reality is far more complex than we have imagined, and that our individual potential is far greater than we have believed. In this time of expanding consciousness, the new frontier—the gateway to spiritual growth and self-empowerment—is through the astral realm. Astral Projection for Psychic Empowerment introduces you to the real-world benefits that come from exploring the astral plane. Learn controlled, self-induced astral projection and reach beyond physical limitations to new sources of knowledge. Live and love more fully than you have ever thought possible by tapping your immense unconscious powers and integrating them into your conscious experience. Delve into the pages of this fascinating book and learn to: Induce an out-of-body experience Safely visit astral realms Explore past lives Communicate with guides and entities Interpret the aura for health and healing Create powerful thought forms Practice astral sex Expand your psychic awareness Achieve your goals Understand psychokinesis and the power of your mind This comprehensive guide includes true case studies of astral projection, scientific test results from laboratory studies, and a seven-day developmental program designed to unleash your highest potential.

This is the first book of its kind to uncover the world of high growth, high value professional services firms. These amazing firms

executives—to help them unlock their potential and achieve the next level of success. Her experiences have shown time and time again that it's not the economy, or the market conditions, or the competition that's holding your business back. The secret to exponential growth lies within how leaders ruthlessly manage their time, energy, and resources in parallel. Everyone is on a virtual center stage with the whole world watching and reporting every move, leaders need to know how to be ruthless in a thoughtful way. This book shows you how to become that kind of leader, and how to adopt the habits, skills, and practices of some of the most successful business leaders of our time. You'll learn how to become sensibly selfish, how to spend your time and energy, and what issues to delegate or ignore so you can clear your slate to focus on what really matters to you. In a world where rapid growth is the new norm, we have input overload. Leadership is much-lauded but commonly under-practiced in business today. This book is designed to help you shape your leadership to drive business growth, get you promoted faster, and create a life that you love. Recover your time and energy away from black holes Focus on the factors that really impact your business Identify and build the all-star team you need tomorrow—today Create magnetic support and followership Learn the secret to pulling ahead of the competition With all the boardroom handwringing about products, the new consumer, and financial results, it's easy to get sucked into issues that ultimately have only a granular effect on real growth. Thoughtfully Ruthless leadership differentiates remarkable leaders and companies. This book provides a model for growth-oriented leadership, and lays out the essential practices you should start today.

Is there a formula for success? Why for some, it appears that success comes very easy like walking in the garden while others, in spite of all their hard work and intelligence, they wait forever to taste their first success? What does it take to live a life filled with health, money and happy relationships? What factors are truly

self into your body to maximize your talents. In *Reawaken Your Authentic Self*, expert trainer Divina reveals the top and most life-changing tools and techniques for reawakening your authentic self. These techniques can maximize your god-given talents and generate greater prosperity. This book breaks the concepts down into four major chapters that address how to activate mental, emotional, physical, and spiritual bodies to create an integrated authentic self.

Processing is a open source project that bridges the gap between programming and art. Its simplicity and power appeal to non-coders and old-hands alike. As a Flash developer, you already have a firm grasp of basic programming principles and an understanding of creating and controlling visuals through code. This book uses your existing knowledge as a springboard to learning Processing and harnessing the extra creative power and control that it offers, both on and off the web. *The Essential Guide to Processing for Flash Developers* takes a hands-on approach to learning Processing that builds upon your familiarity with Flash, and your experience with the ActionScript language and object-oriented programming concepts. The book offers a full series of Processing projects, structured to allow less experienced coders to get up to speed quickly, while leaving room for more experienced programmers to take the initial project concepts and build more complex applications. Includes a language primer explaining all of the Processing-specific programming theory you need to know  
Contains a full series of Processing projects and numerous easy-to-follow code examples  
Covers Processing's Java mode, providing an easy-to-navigate bridge to programming in Java, Processing's underlying host language
