'Spook Street' is the fourth book in Mick Herron's magnificent series about the misfits from the intelligence services who inhabit Slough House. And in my opinion it's his best yet. I won't try to describe the plot, partly because I couldn't do it justice, but also because it would be impossible to do so without including spoilers.

Soon to be a TV series starring Oscar-award winning actor Gary Oldman as Jackson Lamb
'The new king of the spy thriller' Mail on Sunday 'Razor-sharp prose, fully formed characters and an underlying pathos make this series the most exciting development in spy fiction since the Cold War' The Times 'A terrific spy novel: sublime dialogue, frictionless plotting' Ian Rankin WINNER OF THE CWA IAN FLEMING STEEL DAGGER Never outlive your ability to survive a fight. Twenty years retired, David Cartwright can still spot when the stoats are on his trail. Jackson Lamb worked with Cartwright back in the day. He knows better than most that this is no vulnerable old man. 'Nasty old spook with blood on his hands' would be a more accurate description. 'The old bastard' has raised his grandson with a head full of guts and glory. But far from joining the myths and legends of Spook Street, River Cartwright is consigned to Lamb's team of pen-pushing no-hopers at Slough House. So it's Lamb they call to identify the body when Cartwright's panic button raises the alarm at Service HQ. And Lamb who will do whatever he thinks necessary, to protect an agent in peril . . . 'As a master of wit, satire, insight... Herron is difficult to overpraise' Daily Telegraph 'Irresistible writing ... ironclad storytelling and off-kilter humour' Financial Times 'Mick Herron's novels are a satirical chronicle of modern Britain . . . in their gleefully shocking way, his books reflect the trajectory of the nation' Economist

Ian Fleming. John le Carré. Len Deighton. Mick Herron. The brilliant plotting of Herron's twice CWA Dagger Award-winning Slough House series of spy novels is matched only by his storytelling gift and an ear for viciously funny political satire. "Mick Herron is the John le Carré of our generation." --Val McDermid At MI5 headquarters Regent's Park, First Desk Claude Whelan is learning this the hard way. Tasked with protecting a beleaguered prime minister, he's facing attack from all directions: from the showboating MP who orchestrated the Brexit vote, and now has his sights set on Number Ten; from the showboat's wife, a tabloid columnist, who's crucifying Whelan in print from the PM's favorite Muslim, who's about to be elected mayor of the West Midlands, despite the dark secret he's hiding; and especially from his own deputy, Lady Di Taverner, who's alert for Claude's every stumble. Meanwhile, the country's being rocked by an apparently random string of terror attacks. Over at Slough House, the MI5 satellite office for outcast and demoted spies, the agents are struggling with personal problems: repressed grief, various addictions, retail paralysis, and the nagging suspicion that their newest colleague is a psychopath. Plus someone is trying to kill Roddy Ho. But collectively, they're about to rediscover their greatest strength--that of making a bad situation much, much worse. It's a good thing Jackson Lamb knows the rules. Because those things aren't going to break themselves.

Let us be clear about this much at least: Slough House is not in Slough, nor is it a house... Slough House is Jackson Lamb's kingdom; a dumping ground for members of the intelligence service who've screwed up: left a secret file on a train, blown a surveillance, or become drunkenly unreliable. They're the service's poor relations - the slow horses - and bitterest among them is River Cartwright, whose days are spent transcribing mobile phone conversations. But when a young man is abducted, and it's threatened that he'll be beheaded live on the Internet, River sees an opportunity to redeem himself. Is the victim who he first appears to be? And what's the kidnappers' connection with a disgraced journalist? As the clock ticks on the execution, River finds that everyone involved has their own agenda ... And unless the slow horses can prove they're not as useless as they're thought to be, a young man's death is going to echo around the world. Praise for Mick Herron: Mick Herron never tells a suspense story in the expected way, which is why his new novel, Reconstruction, reads as much like a puzzle mystery as it does a thriller . . .unpleasant things are bound to happen, and they do-but not until Herron has finished surprising us . . . there is no hiding under the

desk. New York Times. 'This is one of these novels where you read it, not just to see what happens at the end, but to see what happens on the very next page' Booklist 'Good characterisation, dialogue and well-paced narrative make this confident first novel frighteningly plausible' Sunday Telegraph 'Tight, literary and cliché free' Publishers Weekly 'Stylish and engaging' Washington Post

A shakeup at MI5 and a terrorist attack on British soil set in motion clandestine machinery known to few modern spies. David Cartwright isn't a modern spy, however; he's legend and a bonafide Cold War hero. He's also in his dotage and losing his mind to Alzheimer's. His stories of "stotes" hiding in the bushes, following his every move have been dismissed by friends and family for years. Cartwright may be losing track of reality but he's certain about one thing: Old spooks don't go quietly and neither do the secrets they keep. What happens when an old spook loses his mind? Does the Service have a retirement home for those who know too many secrets but don't remember they're secret? Or does someone take care of the senile spy for good? These are the questions River Cartwright must ask when his grandfather, a Cold War-era operative, starts to forget to wear pants and begins to suspect everyone in his life has been sent by the Home Office to watch him. But River has other things to worry about. A bomb has detonated in the middle of a busy shopping center and killed forty innocent civilians. The agents of Slough House have to figure out who is behind this act of terror before the situation escalates.

When one of their own is kidnapped, the washed-up MI5 operatives of Slough House—the Slow Horses, as they're known—outwit rogue agents at the very highest levels of British Intelligence, and even to Downing Street itself. London: Slough House is the MI5 branch where disgraced operatives are reassigned after they 've messed up too badly to be trusted with real intelligence work. The " Slow Horses, " as the failed spies of Slough House are called, are doomed to spend the rest of their careers pushing paper, but they all want back in on the action. When one of their own is kidnapped and held for ransom, the agents of Slough House must defeat the odds, overturning all expectations of their competence, to breach the top-notch security of MI5 ' s intelligence headquarters, Regent ' s Park, and steal valuable intel in exchange for their comrade ' s safety. The kidnapping is only the tip of the iceberg, however—the agents uncover a larger web of intrigue that involves not only a group of private mercenaries but the highest authorities in the Secret Service. After years spent as the lowest on the totem pole, the Slow Horses suddenly find themselves caught in the midst of a conspiracy that threatens not only the future of Slough House, but of MI5 itself.

She's worked in the Intelligence Service long enough to understand treachery, double-dealing and stabbing in the back. What she doesn't know is why anyone would target her: a recovering drunk pushing paper with the other lost causes in Jackson Lamb's kingdom of exiles at Slough House. Whoever it is holding her hostage, it can't be personal. It must be about Slough House. Most likely, it is about Jackson Lamb. And say what you like about Lamb, he'll never leave a joe in the lurch.
