With its colourful beak and fast, whirring flight, the Atlantic Puffin is the most recognisable and popular of all North Atlantic seabirds. Puffins spend most of the year at sea, but for a few months of the year the come to shore, nesting in burrows on steep cliffs or on inaccessible islands. Awe-inspiring numbers of these birds can sometimes be seen bobbing on the sea or flying in vast wheels over the colony, bringing fish in their beaks back to the chicks. However, the species has declined sharply over the last decade; this is due to a collapse in fish stocks caused by overfishing and global warming, combined with an exponential increase in Pipefish (which can kill the chicks). The Puffin is a revised and expanded second edition of Poyser's 1984 title on these endearing birds, widely considered to be a Poyser classic. It includes sections on their affinities, nesting and incubation, movements, foraging ecology, survivorship, predation, and research methodology; particular attention is paid to conservation, with the species considered an important 'indicator' of the health of our coasts.

This book is suitable for children age 4 and above. "The Fox and the Stork" is a story about a stork that goes to a fox's house for dinner. The fox decides to make fun of a stork by treating it to a plate of soup. The stork is unable to drink the soup and leaves the fox's house hungry. The stork decides to teach the fox a lesson. The next day when the fox goes to the stork's house for dinner, the stork treats the fox to a tall jar of soup. The fox goes home hungry and realises its mistake.

The newly updated edition of David Wondrich's definitive guide to classic American cocktails. Cocktail writer and historian David Wondrich presents the colorful, little-known history of classic American drinks--and the ultimate mixologist's guide--in this engaging homage to Jerry Thomas, father of the American bar. Wondrich reveals never-before-published details and stories about this larger-than-life nineteenth-century figure, along with definitive recipes for more than 100 punches, cocktails, sours, fizzes, toddies, slings, and other essential drinks, along with detailed historical and mixological notes. The first edition, published in 2007, won a James Beard Award. Now updated with newly discovered recipes and historical information, this new edition includes the origins of the first American drink, the Mint Julep (which Wondrich places before the American Revolution), and those of the Cocktail itself. It also provides more detail about 19th century spirits, many new and colorful anecdotes and details about Thomas's life, and a number of particularly notable, delicious, and influential cocktails not covered in the original edition, rounding out the picture of pre-Prohibition tipples. This colorful and good-humored volume is a must-read for anyone who appreciates the timeless appeal of a well-made drink--and the uniquely American history behind it.

The first real cookbook for cocktails, featuring 500 recipes from the world's premier mixologist, Dale DeGroff. Covering the entire breadth of this rich subject, The Craft of the Cocktail provides much more than merely the same old recipes: it delves into history, personalities, and anecdotes; it shows you how to set up a bar, master important techniques, and use tools correctly; and it delivers unique concoctions, many featuring DeGroff's signature use of fresh juices, as well as all the classics. It begins with the history of spirits, how they're made (but without too much boring science), the development of the mixed drink, and the culture it created, all drawn from DeGroff's vast library of vintage cocktail books. Then on to stocking the essential bar, choosing the right tools and ingredients, and mastering key techniques--the same information that DeGroff shares with the bartenders he trains in seminars and through his videos. And then the meat of the matter: 500 recipes, including everything from tried-and-true classics to of-the-moment originals. Throughout are rich stories, vintage recipes, fast facts, and other entertaining asides. Beautiful color photographs and a striking design round out the cookbook approach to this subject, highlighting the difference between an under-the-bar handbook and a stylish, full-blown treatment. The Craft of the Cocktail is that treatment, destined to become the bible of the bar.

A complete history of one of the world's most iconic cocktails--now the poster child of the modern cocktail revival--with fifty recipes for classic variations as well as contemporary updates. No single cocktail is as iconic, as beloved, or as discussed and fought-over as the Old-Fashioned. Its formula is simple: just whiskey, bitters, sugar, and ice. But how you combine those ingredients--in what proportion, using which brands, and with what kind of garnish--is the subject of much impassioned debate. The Old-Fashioned is the spirited, delightfully unexpected story of this renowned and essential drink: its birth as the ur-cocktail in the nineteenth century, darker days in the throes of Prohibition, re-ascension in the 1950s and 1960s (as portrayed and re-popularized by Don Draper on Mad Men), and renaissance as the star of the contemporary craft cocktail movement. Also featured are more than forty cocktail recipes, including classic variations, regional twists, and contemporary updates from top bartenders around the country. All are accessible, delicious, and elegant in their simplicity, demonstrating the versatility and timelessness of the Old-Fashioned formula. With its rich history, stunning photography, and impeccable recipes, The Old-Fashioned is a celebration of one of America's greatest bibulous achievements. It is a necessary addition to any true whiskey- or cocktail-lover's bookshelf, and destined to become a classic on par with its namesake beverage.

From GARTH ENNIS, the creator of the hit AMC television show PREACHER!Collecting the critically-acclaimed six issue limited series in a beautifulhardcover presentation. Dreaming Eagles tells the story of the first African-American fighterpilots to join the United States Army Air Force in WWII and whose humblebeginnings in Tuskegee, Alabama propelled them into the deadly skies above AdolfHitler's Third Reich. Not only were they instrumental against the Nazi warmachine, but also braved an equally great challenge, overcoming everyday bigotryamongst their fellow American soldiers as well as civilians at home. High in theheavens, they fought a battle that would change their country for alltime.

This is a pocket guide to England's star-rated hotels, B&Bs, self-catering homes and places to visit that really go out of their way to make special provisions for bicyclists.

Examining European art films of the 1950s and 1960s, Mark Betz argues that it istime for film analysis to move beyond prevailing New Wave historiography, mired in outdated notions of nationalism and dragged down by decades of auteurist criticism. Focusing on the cinemas of France and Italy, Betz reveals how the flowering of European art films in the postwar era is inseparable from the complex historical and political frameworks of the time.

Overcome challenges, solve puzzles, and uncover the true culprit in the fourth installment of the Escape Book series! What started as a typical family vacation takes a turn for the worse when you and your grandfather, a security guard at the local museum, find yourselves at the center of a serious scandal. It turns out that one of the museum's masterpieces was stolen on the same night you and your grandfather were taking an after-hours tour--since you were the only two people there, you're the prime suspects! To prove your innocence, you must now find the stolen masterpiece by observing, analyzing, and investigating like a real detective! Are you ready for an adventure?
