After being betrayed by the Syndicate, Artur Drakon and Gwen Icení stage a coup for control of Midway in the first novel in a spin-off of the New York Times best-selling Lost Fleet series. 75,000 first printing.

Follows the events in the Midway Star System during the same period as Dreadnaught and Invincible. In this title, the story of the Lost Fleet universe is told through the eyes of citizens of the Syndicate Worlds as they deal with defeat in the war, threats from all sides, and the crumbling of the Syndicate empire.

CEO Artur Drakon has been betrayed. The Syndicate Worlds' government failed to protect its citizens from both the Alliance and the alien enigmas. With a cadre of reliable soldiers under his command, Drakon launches a battle for control of the Midway Star System—assisted by an ally he's unsure he can trust—CEO Gwen Icení was exiled to Midway because she wasn't ruthless enough in the eyes of her superiors. She proved them wrong by commandeering some of the warships at Midway and declaring the star system's independence on behalf of the people though staying in charge as "President." But while she controls the mobile fleet, she has no choice but to rely on "General" Drakon's ground forces to keep the peace planet-side. If their coup is to succeed, Drakon and Icení must put their differences aside to prevent the population of Midway from rebelling against them, to defend their star system from the enigmas—and to ferret out

saboteurs determined to reestablish Syndic rule

CEO Artur Drakon has been betrayed. The Syndic Worlds' government failed to protect its citizens from both the Alliance and the alien enigmas. With a cadre of loyal soldiers under his command, Drakon launches a battle for control of the Midway Star System -- assisted by an ally he's unsure he can trust.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "The Lost Stars: Tarnished Knight." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

The authority of the Syndicate Worlds' government is crumbling, and civil war and rebellion are breaking out, despite brutal attempts to suppress disorder. In the Midway Star System, leaders must decide whether to remain loyal to the old order or fight for something new. Betrayed by his government, CEO Artur Drakon launches a battle for control of Midway. He is assisted by an ally he's unsure he can trust, CEO Gwen Icení. While she controls the mobile fleet, she has no choice but to rely on "General" Drakon's ground forces to keep the peace planet-side. If their coup is to succeed, Drakon and Icení must put their differences aside to defend Midway against the alien threat of the enigma race—and to ferret out saboteurs determined to re-establish Syndic rule...

"President Gwen Icení and General Artur Drakon have

# Get Free Tarnished Knight The Lost Stars 1 Jack Campbell

successfully liberated the Midway Star System--but the former rulers of the Syndicate Worlds won't surrender the region without a fight. The dictatorial regime has ordered the ex-Syndicate CEOs terminated with extreme prejudice and the system's citizens punished for their defiance.

Outnumbered and led by junior officers hastily promoted in the wake of the uprising, Midway's warships are no match for the fleet massing and preparing to strike"--

Originally published in hardcover in 2013 by Ace Books.

Admiral John "Black Jack" Geary journeys home with a captured warship and representatives of an alien species while staying one step ahead of the threatening Syndicate Worlds regime.

A search for two of his missing lieutenants sends Geary to the moon Europa, despite its ban on all humans, where he discovers a growing, mysterious threat to the Alliance, in the 10th installment of the best-selling series following Guardian.
