In this modern world of large-scale business and industry, auditing has become an inevitable function. Auditing is a subject, the function of which is very important from the regulatory, economic and ethical points of view. The subject has undergone radical changes in the current globalised business world. This book, in the light of latest trends, highlights and explains the principles and practice of auditing and assurance in a simple and an easy-to-understand language. It also presents an up-to-date legal discussion on the subject. Beginning with an overview of the subject,
