'With the fifteenth edition of Financial and Managerial Accounting: The Basis for Business Decisions, the Williams author team continues to be a solid foundation for students who are learning basic accounting concepts.

Financial & managerial accounting : the basis for business ...

Author's Note: 10 Worst Business Decisions Ever Made. Part of me feels bad playing the armchair quarterback and making fun of these companies for making what turned out to be colossally bad business decisions. And then I remember that few of these companies or individual CEOs are exactly struggling financially.

10 Worst Business Decisions Ever Made | HowStuffWorks

But at the heart of financial analysis are the AFS--the basis for business decisions.

Revised to include an improved balance of material on using and creating financial information, this 11th edition of the text provides examples from real-world companies and intergrates comprehensive accounting problems throughout the book.

With the sixteenth edition of Financial and Managerial Accounting: The Basis for Business Decisions, the Williams author team continues to be a solid foundation for students who are learning basic accounting concepts. In this revision, the authors have added to and refined the coverage of International Financial Reporting Standards (IFRS), particularly in Chapter 15 ("Global Business and Accounting"). Hallmarks of the text--including the solid Accounting Cycle Presentation, relevant pedagogy, and high quality, end-of-chapter material--have been updated throughout the book.

This 12th edition updates and revises concepts and issues in accounting to include a new managerial chapter on business performance measurement and expanded coverage of the accounting cycle. There is also a look at contemporary Business Week cases.

Instructor's guide and answers to achievement tests and comprehensive examinations sets A , B, C, and D .
