above the competition, and move far beyond entry-level jobs into a profitable and satisfying professional career. Even if you don't have the interest or the means for pursuing a university education, you can be a success. Lorenzo Gomez did it. Now you can do it, too.

The great lie of our society is that mental health and mental illness are the same. Lorenzo Gomez wants to dispel that notion for good. In his new book, *Tafolla Toro*, he reaches back in time to share stories of his turbulent, traumatic, and often violent middle school years in one of San Antonio's most crime-riddled neighborhoods. He opens up to reveal the fear, anxiety, and hopelessness he felt as a teenager and how those forces shaped his life until he began taking steps as an adult to improve his mental health. Alternating between shocking stories from his youth and letters written to his 12-year-old self, Lorenzo shows young people how to retake the battle of their mind by dealing with what is true and dismantling the lies that lead to self-deception. In Lorenzo's journey, readers will see someone who understands what they feel, knows what they're going through, and is standing up to tell them: Decide today that you are worthy.

The recent rash of corporate scandals—and the ensuing financial ruin of companies and their stockholders -- proves that even the bluest of blue chip businesses cannot bank on the blind faith of consumers and investors. More than ever, corporations must rebuild, restore, and strengthen bonds of trust. Al Golin has helped create trust strategies for global business leaders including The Walt Disney Company, Hewlett-Packard, McDonald's, Toyota, Owens-Corning, and many others. *Trust or Consequences* shows what makes such strategies work, and reveals the eye-opening results of a survey of over 700 business professionals. This essential book reveals how to: * create an effective trust strategy * determine the impact of trust issues on stakeholders * assess trust-building performance and calculate the difficulty of restoring trust * create a "trust bank" for saving deposits of good will to draw on as needed *Trust or Consequences* offers tools for identifying trust opportunities, as well as numerous inside accounts of trust-building successes and failures by high-profile organizations and leaders. Filled with provocative ideas about why many companies overlook trust issues, *Trust or Consequences* brings the subject to center stage -- where it must remain if companies are to regain stakeholder loyalty and competitive advantage.

In 1998, the thought of launching a startup in San Antonio was ludicrous-but that didn't stop Rackspace's founders from planting their flag in the heart of Texas. Just over two decades later, the scrappy little underdog that no one believed in is a billion-dollar business with more than 6,000 employees worldwide. One of the first ten account managers hired at Rackspace was Lorenzo Gomez. He was there when the company became the host for YouTube and saw the decade-long stretch where each month brought one-hundred new hires. The rocket ship growth was exhilarating but exposed Rackspace's early flaws, including avoiding customers at all costs. When the mission shifted to becoming one of the world's greatest service companies, everything changed. Suddenly, Rackspace had a rallying cry-"fanatical support"-and a culture that few companies could match. ? *The Rack We Built* is Lorenzo's recollections from those days, told only as he can tell it: through stories packed with style, heart, and humor. With the principles in the book, you can create the type of culture that makes people want to volunteer their best.

This highly practical book provides evidence-based strategies for helping adults with ADHD build essential skills for time management, organization, planning, and coping. Each of the 12 group sessions--which can also be adapted for individual therapy--is reviewed in step-by-step detail. Handy features include quick-reference Leader Notes for therapists, engaging in-session exercises, and reproducible take-home notes and homework assignments. The paperback edition includes the adult ADHD criteria from DSM-5. The treatment program presented in this book received the Innovative Program of the

Year Award from CHADD (Children and Adults with ADHD).

Without a guide or the knowledge of how to encourage talent, aspiring leaders and seasoned executives alike can flounder. In *The Leadership Manifesto*, Hicks consolidates the priceless lessons he has learned into eight essential disciplines that define a great leader. This book has the indispensable tools you need to rocket young talent to the top.

The Joy of Cooking for a new generation: A collection of easy-to-make, delicious, and original recipes from the kitchens of Blue Apron—the beloved national meal-delivery service—featuring 165 step-by-step, technique-driven dishes that will transform novice cooks into confident home chefs and will excite experienced cooks too. Named for the uniform of apprentice chefs in professional kitchens, Blue Apron has made its mark from its exemplary meal-delivery service, but its true passion is culinary education—a value that infuses their commitment to providing healthy, sustainably sourced, seasonal foundations for creative cooking. Now in *The Blue Apron Cookbook*, this trusted national brand steps into the kitchens of home cooks everywhere, taking its familiar step-by-step instructional style to a new level in a technique-driven cookbook intended to build confidence and expertise through meals that are as beautiful to look at as they are mouth-wateringly delicious to enjoy. Organized around essential meals that explain both the "how" and the "why" of cooking techniques, *The Blue Apron Cookbook* excites, educates, and inspires. With the help of 800 stunning color photographs and unparalleled step-by-step instruction, amateur home cooks will grow into competent home chefs, perfecting and creating variations of classics ranging from roast chicken to risottos, pastas, soups, salads, and desserts. Each chapter starts with the basics and builds from there—as you cook through the recipes, even experienced cooks will appreciate the basics in a new way, learning how one dish or technique can be transformed into many others. Today's cooks are hungry for real culinary expertise, and eager to cook smarter and better. A cookbook that reflects the tastes and trends of the moment while honoring the traditional methods and flavors chefs have perfected for centuries, *The Blue Apron Cookbook* is poised to become the go-to resource for anyone looking to truly master home cooking.

The first and only diary written by a Guantánamo detainee during his imprisonment, now with previous censored material restored. Mohamedou Ould Slahi was imprisoned in Guantánamo Bay in 2002. There he suffered the worst of what the prison had to offer, including months of sensory deprivation, torture and sexual assault. In October 2016 he was released without charge. This is his extraordinary story.

A creator of the award-winning *Orangette* blog presents a memoir about the life lessons she learned in the kitchens of her youth, in a recipe-complemented account that describes experiences of loss and love while enjoying her father's French toast, her husband's pickles and her chocolate wedding cakes. Reprint.

Online communities offer a wide range of opportunities today, whether you're supporting a cause, marketing a product or service, or developing open source software. *The Art of Community* will help you develop the broad range of talents you need to recruit members to your community, motivate and manage them, and help them become active participants. Author Jono Bacon offers a collection of experiences and observations from his decade-long involvement in building and managing communities, including his current position as manager for Ubuntu, arguably the largest community in open source software. You'll discover how a vibrant community can provide you with a reliable support network, a valuable source of new ideas, and a powerful
