3D Archery takes the archery range into the woods, introduces unique angles, and creates new ways to have fun with a bow. This discipline gets its name from the three-dimensional animal targets that challenge archers at each station. The targets range from small skunks to massive elk, and are set along a course that resembles a hiking trail.

Archery teaches readers everything a beginner archer needs to know. Everything from equipment, fine-tuning your form, archery etiquette to weird but helpful tips, the book covers everything you need to learn to become the best archer you can be. You will discover how to compete in competitions and hunt with your bow. The author Miguel Rocha draws from years of real-life experience to put together a series of tips that helped him get started and made him an adequate archer in the long run. Archery has a variety of uses and a variety of forms. This guide covers these variations and forms through various lessons, tips, and techniques to ultimately help you become better at archery. You will also learn lessons outside the act of shooting, such as creating your archery range, working out specific muscle groups, and preserving your equipment. The nature of this book ensures that you do not get tunnel vision for the act of shooting a bow but instead see the bigger picture that encompasses the entire sport of archery. Additionally, you will discover the importance of the equipment, how to adjust your body when doing archery, and learn more tips to learn, improve, and master archery. Check out HowExpert Guide to Archery now! About the Expert Miguel Rocha began archery when he was 12 years old. In the beginning, it was about mimicking his favorite superheroes, but as he grew older, the sport became second nature. Competing in local events with Olympic aspirations, Rocha honed his skills to become a master of the sport. Now in his late 20 ' s, archery has become more of a hobby than a career. Even so, he practices regularly to retain the skills he developed growing up. He is a writer, father, and always and forever an archer. HowExpert publishes quick ' how to ' guides for all topics from A to Z by everyday experts.
