Traditional Chinese edition of The Fire, about a child chess prodigy who set out to find the chess set that when put together spells the secret of immortality. Katherine Neville is the author of the stellar novel about chess The Eight.

This biography is the story of Katherine Mansfield, the gifted and tragic artist best known for her polished satire and frequently anthologized short stories. Acclaimed biographer Meyers uses new sources to illuminate the troubled life of one of Great Britain's most gifted female authors.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
