From the internationally bestselling author of *The House of Tides*, a psychologically gripping novel about a group of college graduates who decide to live off the grid--and the consequences for their lives. Still grieving the death of her prematurely delivered infant, Lila finds a welcome distraction in renovating a country house she's recently inherited. Surrounded by blueprints and plaster dust, though, she finds herself drawn into the story of a group of idealistic university grads from thirty years before, who'd thrown off the

shackles of bourgeois city life to claim the cottage and rely only on each other on the land. But utopia-building can be fraught with unexpected peril, and when the fate of the group is left eerily unclear, Lila turns her attention to untangling a web of secrets to uncover the shocking truth of what happened that fateful year, in order to come to terms with her own loss and build a new future for herself. Suspenseful and moving, with a deep secret at its heart, *The Shadow Year* is Hannah Richell's breakout book.

'Moving and deeply suspenseful' - Sydney Morning Herald

drawer. Others are more serious, like infidelity and betrayal. And some secrets are so terrible they must be hidden away in a deep, dark place, for if they ever came to light, they would surely tear a family apart... The Tides are a family full of secrets. Returning to Clifftops, the rambling family house perched high on the Dorset coastline, youngest daughter Dora hopes for a fresh start, for herself and the new life she carries. But can long-held secrets ever really be forgiven? And even if you can forgive, can you ever really learn to love again? Secrets of the Tides is the spellbinding debut from Hannah Richell, a rich and compelling family drama with a dark thread of suspense at its heart. This updated edition includes a

In New York's Long Island, in the unpredictable decade of the 1960s, a young boy laments the approaching close of summer and the advent of sixth grade. Growing up in a household with an overworked father whom he rarely sees, an alcoholic mother who paints wonderful canvases that are never displayed, an older brother who serves as both tormentor and protector, and a younger sister who inhabits her own

secret world, the boy takes his amusements where he can find them. Some of his free time is spent in the basement of the family's modest home, where he and his brother, Jim, have created Botch Town, a detailed cardboard replica of their community, complete with clay figurines representing friends and neighbors. And so the time passes with a not-always-reassuring sameness-until the night a prowler is reported stalking the neighborhood. Appointing themselves ad hoc investigators, the brothers set out to aid the police-while their little sister, Mary, smokes cigarettes, speaks in other voices, inhabits alternate personas . . . and, unbeknownst to her older siblings, moves around the inanimate residents of Botch Town.

But ensuing events add a shadowy cast to the boys' night games: disappearances, deaths, and spectral sightings capped off by the arrival of a sinister man in a long white car trawling the neighborhood after dark. Strangest of all is the inescapable fact that every one of these troubling occurrences seems to correspond directly to the changes little Mary has made to the miniature town in the basement.

The river can take you home. But the river can also drag you under... 'It's something she learned years ago - the hard way - and that she knows she will never forget: even the sweetest fruit will fall and rot into the earth, eventually. No matter how deep you

bury the pain, the bones of it will rise up to haunt you ... like the echoes of a summer's night, like the river flowing relentlessly on its course.' Margot Sorrell didn't want to go home. She had spent all her adult life trying not to look behind. But a text from her sister Lucy brought her back to Somerset. 'I need you.' As Margot, Lucy and their eldest sister, Eve, reunite in the house they grew up in beside the river, the secrets they keep from each other, and from themselves, refuse to stay hidden. A wedding brings them together but long-simmering resentments threaten to tear the family apart. No one could imagine the way this gathering would change them all forever. And through the sorrow they are forced to

A compelling story of hidden secrets and forbidden love, from the bestselling author of *The Secrets of the Tides* 'If she could reach back through the years and warn the person she once was, what would she say? ... What would she say to the ghosts who now inhabit her days? So many of those she has loved are now nothing but dust and memory.' At twenty-six, Lillian feels trapped by life. Her marriage to Charles Oberon

has not turned out the way she expected it would. To her it seems she is just another object captured within the walls of Cloudesley, her husband's beautiful manor house tucked away high in the Chiltern Hills. But, with a young step-son and a sister to care for, Lillian accepts there is no way out for her. Then Charles makes an arrangement with an enigmatic artist visiting their home and his presence will unbalance everything she thought she knew and understood. Maggie Oberon ran from the hurt and resentment she caused. Half a world away, in Australia, it was easier to forget, to pretend she didn't care. But when her elderly grandmother, Lillian, falls ill she must head back to Cloudesley. Forced to face
