Elizabeth George's masterly new novel brings Detective Inspector Thomas Lynley back onto centre stage in an intricate crime drama. While DI Thomas Lynley is still on compassionate leave after the murder of his wife, Isabelle Arden is brought into the Met as his temporary replacement. The discovery of a body in a Stoke Newington cemetery offers Isabelle the chance to make her mark with a high profile murder investigation. Persuading Lynley back to work seems the best way to guarantee a result: Lynley's team is fiercely loyal to him and Isabelle needs them - and especially Barbara Havers - on side. The Met is twitchy: a series of PR disasters has undermined its confidence. Isabelle knows that she'll be operating under the unforgiving scrutiny of the media, so is quick - perhaps too quick - to pin the murder on a convenient suspect. The murder trail leads Lynley and Havers to the New Forest, and the eventual resolution of the case. Its roots are in a long-ago act of violence that has poisoned subsequent generations and its outcome is both tragic and shocking.

Phones, light typing...and murder. Think breaking into show business is hard? Try landing a temp job without office skills. That's the challenge facing aspiring actress Isobel Spice when she arrives in New York City, fresh out of college and deficient in PowerPoint. After being rejected by seven temp agencies for her lack of experience, Isobel sweet-talks recruiter James Cooke into letting her cover a last-minute vacancy at a bank. New to his own job, and recently sober, James takes a chance on Isobel, despite his suspicion that she's a trouble-magnet. His misgivings are borne out by lunchtime, when she stumbles across a dead secretary in a bathroom stall. With her fingerprints on the murder weapon, Isobel sets out to prove her innocence by investigating the crime herself. While learning to juggle phone lines and auditions, she discovers an untapped talent for detective work—a qualification few other office temps, let alone actresses, can claim. Look for the next Isobel Spice novel, *Bad Publicity*, coming soon!

"Under internal investigation for corruption, Oxfordshire DI Hillary Greene is fighting to save her career. When a body is found in the canal, she knows she's only been given the case as it's a straightforward matter of accidental death. But when her investigation points to murder, she realises this is much bigger than anyone expected. . . "

Ian Rankin is considered by many to be Scotland's greatest living crime fiction author. Most well known for his Inspector Rebus series--which has earned critical acclaim as well as scores of fans worldwide--Rankin is a prolific author whose other works include spy thrillers, nonfiction books and articles, short stories, novels, graphic novels, audio recordings, television/film, and plays. This companion--the first to provide a complete look at all of his writings--includes alphabetized entries on Rankin's works, characters, and themes; a biography; a chronology; maps of Rebus' Edinburgh; and an annotated bibliography. A champion of both Edinburgh and Scotland, Rankin continues to combine engaging entertainment with socio-political commentary showing Edinburgh as a microcosm of Scotland, and Scotland as a microcosm of the world. His writing investigates questions of Scottish identity, British history, masculinity, and contemporary culture while providing mystery readers with complex, suspenseful plots, realistic character development, and a unique mix of American hard-boiled and procedural styles with Scottish dialects and sensibilities.

To a cunning serial killer, she was the one that got away. Until now... FBI Special Agent Nina Guerrero escaped a serial killer's trap at sixteen. Years later, when she's jumped in a Virginia park, a video of the attack goes viral. Legions of new fans are not the only ones impressed with her fighting skills. The man who abducted her eleven years ago is watching. Determined to reclaim his lost prize, he commits a grisly murder designed to pull her into the investigation...but his games are just beginning. And he's using the internet to invite the public to play along. His coded riddles may have made him a depraved social media superstar--an enigmatic cyber-ghost dubbed "the Cipher"--but to Nina he's a monster who preys on the vulnerable. Partnered with the FBI's preeminent mind hunter, Dr. Jeffrey Wade, who is haunted by his own past, Nina tracks the predator across the country. Clue by clue, victim by victim, Nina races to stop a deadly killer while the world watches.

Psychic and paranormal PI Harper Hall isn't that surprised when her business partner skips town. Really, she can't help but feel it's her own fault for trusting a guy named Romeo in the first place. But if Harper wants to consult for the police on a high profile case, she'll need a new partner-- preferably one with some supernatural skills of his own. Enter Noah Riddick, a slayer left jobless by the legalization of vampirism. Riddick's dark secrets and shady past have forced him into exile from human society--an exile he was completely comfortable with until gorgeous and exasperating Harper waltzed into his life. Now, all too aware of how...unlifelike his life has truly been, he agrees to partner with her (as if saying no to Harper Hall was ever really an option). Fighting vampires, making immortal enemies, engaging in semi-sadistic interrogation techniques, staging daring rescues...it's all in a day's work for this paranormal odd couple. But falling in love? Well...that's a little trickier. Even for the Semi-Charmed Harper Hall. Semi-Charmed is a full-length paranormal romance novel, completely free of cliffhangers, with a HEA. For readers 18+ only.
