Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Twenty-three year old wunderkind professor, Dr. Gordon B. Gray has it all, a Nobel Prize, tenure at Caltech University and looks that make women swoon. Last night he was tossing frozen pumpkins off the library roof and today -- well -- he's saving the world. When twenty-two of Dust, West Virginia's twenty-three inhabitants disappear into thin air, U.S. ArmyLieutenant General John Wilkinson resorts to enlisting the brilliant young professor, who quickly finds himself caught in an international tangle of assassins, truth movements, mad physicists and wild conspiracies. With no clear endgame in sight and the world at stake, Gordon embarks on a perilous journey that takes him from the backwoods trailers of Appalachia, to the desolate wilderness of Siberia's enigmatic Tunguska region, where one man's decisions can impact the course of human history. The Officially Unofficial Files of Dr. Gordon B. Gray is a smart adventure thriller brimming with suspense, international intrigue and mind-bending science that will resonate with readers long after they've turned the last page. Editorial Review: "this book is like a faithful companion, waiting patiently to whisk you away from a tedious and grey world. It'll appeal to all of those who want a good bit of escapism, some interesting bits of science, and a new look at Indie." -by Shen Hart - The Review Hart
